

Jennifer is 23. She lives in a flat with two carers. Jennifer is engaged to Darren. They have been together for a year and a half. This is Jennifer's story.

Hi I'm Jennifer.

I live in my own flat.
2 carers help look after me.

I have a learning disability.
I have been depressed in the past
Staff from 2gether's Community Learning Disability Team have helped me.

I feel much better now and I am looking forward to the future.

I moved to Gloucester from Herefordshire and I like it here. I like my carers.

Darren my fiancé spends as much time as possible with me. He is a keen footballer and I like to support him when he's playing

I help with the 4 me about me group.

I don't work at the moment, but I would like to.

My work in the 4 me about me group has inspired me. I want to do more work helping people get jobs and helping make things easy to read.

I have lots of hobbies and things to do during the day.

I like to read, walk, go to bingo and listen to music.

I am bubbly, caring and generous.

I want to get married and have children.

I want to have my own house.

I would like to travel to Florida.

I want to say:

I think everybody should try to understand people with learning disabilities.

Please don't bully us.
